

Four Additional Deputies To Man Sheriff's Office

The Nevada County Board of Supervisors Monday approved the employment of four additional deputies for the eastern end of the county, a move designed to fully man the new sheriff's substation on a 24-hour a day basis.

It has been proposed that the four serve in the office where an appropriation of some \$6,000 has been made to purchase transmission equipment for two-way radio communication. While the budget is only tentative, it will be approved late in August.

The employment of the four additional deputies, who will supplement the five now on duty here, will be up to Sheriff Wayne Brown and the county personnel department, according to Supervisor H. G. Loehr. Salaries will be based on experience.

The program is expected to be started as soon as the required equipment is installed and as soon as the four additional deputies are employed, Loehr said.

Fawn Shot, Fire Is Started By Hunter

Forest service and fish and game officials are investigating a small fire and the killing of a fawn on the Brockway shortcut Tuesday afternoon.

The Truckee suppression crew and inmates from Hobart Mills rushed to the scene about 2:30 Tuesday when a fire a short distance off the road was spotted. After the fire was extinguished, the fawn was found nearby shot with a .22 calibre rifle.

It is believed the fire was started by the illegal hunter and an intensive search is being conducted for the responsible person.

Another small fire was extinguished by the foresters and inmates at the new dump ground near Hirschdale Monday evening. Approximately a quarter of an acre was burned over and the cause is not known as no burning was being done at the dump site.

Fire At Mill

A fire of undetermined origin, but which may have been started by a welder's torch long before it was discovered Friday at 1 a.m., threatened the main mill building of the Burney Lumber Company in the east part of Truckee.

Fire department officials said that if it had not been for a sprinkler system installed in the mill, the fire which apparently started in the south wall of the building, could have wiped out the entire plant.

As it was, the sprinklers held the blaze to a small area until the Truckee Volunteer Fire Department was summoned and within an hour had the fire extinguished.

The second sale was announced by Arnold Inderbitzen who is selling the Swiss Club on the main street in Truckee to Eugene E. Edwards and Tillie Irene Lina, both of Sacramento. This sale will become final when the alcoholic beverage control board approves transfer of the license.

Inderbitzen has operated the Swiss Club for a number of years, but announced he was leaving for a milder climate. Two Fires Started By Train Sparks

With the woods filled with campers and vacationists and the brush tinder dry, the only two fires in the forest during the holiday weekend were apparently started by hot brakes on trains coming down Donner grade, George Steed, district forest ranger reported.

Two incipient fires, one just above the Clements Rock Products plant and the second near Horse-shoe Bend were held to less than half an acre by the quick work of the forest service suppression crew. The Clements fire occurred Friday at 7:30 p.m. and the Horse-shoe Bend blaze at 6:30 p.m. Saturday.

The crew was also called out last Thursday morning at 5 o'clock when a fire destroyed a car on the freeway east of Truckee. A front wheel caught fire and before it was stopped the vehicle was destroyed.

The office of the D&D Agency was probably the busiest place in the region for a short time Thursday morning and Friday evening when more than 600 high school cheerleaders and pom-pom twirlers arrived and departed for the conference held at Squaw Valley.

Paul Doyle of the agency said twelve buses were used to convey the group to the site of the meeting and return.

SMOKER IS BLAMED FOR FIRE AT BOCA

A careless smoker was blamed for the half-acre forest fire four miles northeast of Truckee last Wednesday night.

The fire near Boca hill was quickly brought to a halt by the fast and effective work of the "hot shot" inmate crew stationed at Hobart Mills and the Truckee suppression crew.

George Steed, district ranger, said indications were that a carelessly tossed cigarette started the blaze which was reported at 10 p.m.

Assessments Raise In County, Board Advised At Meet

The Nevada County Board of Supervisors Monday was advised by Assessor Charles Kitts that the assessed valuation of taxable property has advanced \$6,543,320 during the year.

This, the board was advised, is a 20.04 per cent gain, still one-third less than the \$10 million figure suggested by the state board of equalization to bring the county assessment roll to an equalized basis with rolls in other counties of the state.

While much of the new assessment was in the agricultural area of the county, the boost will be reflected in all parts of the county.

Campgrounds Fill As Tourists Arrive

Public parks and campgrounds throughout the area were filled to capacity during the holiday weekend and resorts and motels did a capacity business, according to all available reports.

Donner State Park, which has 154 camp sites, was filled by Friday and cars were being turned away. The 38 picnic sites were also filled during the holiday.

Donner Park which is one of the most popular in the state during each summer, last year welcomed 181,000 visitors and Jack Stowe, superintendent, said this year promises to exceed that mark. There were more than 10,000 visitors there during June.

The park is manned by 14 employees, including Stowe, Theodore Alstadt, Bert Troelsen and Pete Tallant, permanent employees; Wayne Johnson of El Cerrito and Mel Stefensen of Fair Oaks, naturalists, and ten students, Tim Risden and Quentin Kay of Truckee, Norman Lyons of Tahoe City, John Hynes of Mountain View, Richard Fontes and Bob Estes of Sacramento, Dick Payton of Squaw Valley, David Riddle, David Schrimp and Larry de Ciero of Stockton.

Camp Richardson Becomes Part Of U. S. Forest Area

In a land exchange approved this week the U. S. Forest Service became owner of one of Lake Tahoe's pioneer resorts, Camp Richardson, and 130 home owners at Cedar Flat on the north end of the lake were in a position to own the land they occupy, now leased from the government.

The trade, announced by Congressman Harold T. Johnson made sale of the 50 acres of forest service land at Cedar Flat possible to the home owners and gave the forest service 40 acres of land including Camp Richardson.

The latter is in the El Dorado National Forest and will connect with other lake shore land under the jurisdiction of the forest service to provide a wide area for public park use.

The deal involves more than \$1,000,000 and will also include an area at south Tahoe in the trade arrangements.

What the forest service plans with the facilities, including the hotel and cabins at Camp Richardson has not been announced.

Schools Get Land In Exchange For Forest Property

Congressman Harold T. (Bizz) Johnson advised the Sierra Sun Tuesday that the U. S. Forest Service in Washington has approved a land exchange with the Tahoe Truckee Unified School District paving the way for future construction of a high school at North Tahoe.

The exchange also gave the school district clear title to the 4½ acres on which the Donner Trail School stands with an additional 1½ acres adjoining for school purposes.

The school district, in order to secure the land needed in various communities, some time ago purchased two parcels of land on Blackwood Creek at Lake Tahoe and 30 acres near Rainbow on Highway 40, which were traded to the forest service in a recent deal for land adjoining the Kings Beach and Donner Trail facilities and a site for the new proposed high school.

The latter area embraces 50 acres half a mile north of the Placer County Administration Center and just west of the Highlands. At Kings Beach, the district acquired 10 acres just north of the school on the Brockway shortcut.

Superintendent John S. Corbin said that while there is no immediate plan for the new high school, the board felt it advisable to secure the land at this time as a matter of economy and expediency.

Heavy Traffic But Uneventful Fourth

Despite the unusually heavy traffic, with 23,324 cars being checked at the Truckee quarantine station Saturday and Sunday, it was a comparatively uneventful weekend, according to Lieutenant Oliver Ledford of the California Highway Patrol.

There was one accident in which four people were injured, none seriously. Only 40 tickets for moving violations were issued by the patrol and none was for drunk driving.

This was considered an excellent record in comparison with other parts of the state. A count of 85 dead during the Independence Day holiday set a new all time record for the 72-hour weekend in California.

Warren Is Named To Succeed Hart

The appointment of Alan S. Hart, district engineer for the California Division of Highways in the Sacramento-Marysville area for the past seven years, as the new district engineer for the San Francisco Bay Area (District IV) was announced by State Highway Engineer J. C. Womack.

To succeed Hart as the district engineer for District III, an eleven-county area with headquarters in Marysville, Womack appointed Willard L. Warren, who has been the division's engineer of design since 1960.

The new Engineer of Design will be Alvord C. Estep, who has been the Division's Assistant Office Engineer in charge of industry contacts since 1961 and before that was District Design Engineer in the San Diego District.

All three appointments are effective on July 1.

Warren, the new district engineer of District III, is a native of Kentucky who grew up there and in Ohio, studied engineering at Sacramento City College and the University of California and began his professional career with the Nevada State Highway Department in 1936. During World War II he worked for the army corps of engineers in Northern California and Utah.

Joining the California Division of Highways in 1946, Warren served in the Marysville district in traffic engineering, design, construction and route location, and was transferred to Division Headquarters in Sacramento in 1950 as Assistant Engineer of Design. He was promoted to engineer of design in 1960.

Warren is a member of the design committee of the American Association of State Highway Officials and is chairman of a design section of the highway research board of the National Academy of Sciences.

BOYS QUESTIONED IN THEFT OF BEER

AUBURN—Placer Deputy Lou Conrad was credited with quickly solving the theft of 20 cases of beer from a Sandy Beach, Lake Tahoe resort last week.

Conrad, acting on a hunch, interrogated a 17-year-old youth, who had been a recent employee of the resort. The youth admitted that he, Randall Mason, 19, of Roseville and Kings Beach and two other 17-year-old boys had broken into the resort and removed some beer just a few hours before his questioning by Conrad.

Mason was booked in the Placer Jail sub-station at Tahoe City, charged with burglary.

The juveniles were transported to Auburn where they await a juvenile court decision.

DONNER DOINGS

By VI WHITE
Phone 587-3866

Did you ever see so many lights shining across the water from cabins along the lake? Everyone must have been here for the long 4th of July weekend.

Too bad that Donner Lake didn't have a fireworks display or a lighted boat parade planned. Some of us can remember when there was, and how many tourists enjoyed the event as they drove along highway 40. Cars were parked all along the summits in those days.

Tahoe City was alive with people the night of the 4th for their big display. A beautiful sight to see so many boats out on the lake viewing the rockets too. Must have been over a hundred out there, even sail boats joined the power boats.

It was a cold night, but that didn't bother those who viewed the half hour long event.

How about it, chamber of com-

merce, resort owners or somebody, let's have something planned for Donner Lake next year.

Guess you've all received your new phone books by now... decided to compare it against last year's. There are six more pages of listings and 10 more pages in the yellow section. Shows how our area is growing, doesn't it?

New officers were elected at the Donner Lake Property Owners' Association meeting July 4. President, Maurice "Bill" Lewis, Jr., Reno; 1st vice president, Mrs. E. R. "Dorothy" Urst, Reno; 2nd vice president, James Cullen, Belmont, and secretary, Mrs. Carson "Vi" White, Truckee.

Don't get alarmed when you see the red fire trucks at the beach Sunday. It's just the Donner Lake Volunteer Fire Department members showing off their ability to operate their equipment. The family picnic is being planned by Charlotte and "Shorty" Harris.

Miss Donner Lake of 1964 will be chosen during the event. Queen contestants are: Jancie Randol, sponsored by the Donner

PEIRO BROTHERS AT NEVADA LODGE

The delightful Peiro Brothers are pleasing large audiences at Nevada Lodge with their unique interpretation of the ancient art of juggling. They are clever and are amusing.

Lake Resorts and Businessmen's Association, Susan Knapp sponsored by the Truckee-Donner Chamber of Commerce and Candy Board sponsored by the Truckee Lions Club.

The main roads along the west end of the lake will be bladed this week to get rid of the ruts, and due to the generous donations of lumber from the Truckee-Tahoe Lumber Co. and Rex Reid's Builders Service Center, the bridge over Summit Creek will be resurfaced. John Thompson of Donner Lake is in charge of the volunteer crew of property owners who will lay the planks.

Property owners in the Armstrong Subdivision at Donner Lake will be meeting at the fire house Sunday afternoon to discuss the forming of a road assessment district. Petitions have already been sent out to be signed.

Tickets are available for the House and Cabin tour conducted by the DLVFD ladies auxiliary August 1. They can be purchased from auxiliary members, at Donner Lake Lodge, or at the little grocery store at Harry's Motel. The \$2 donation will help build a meeting room at the fire house. Six homes will be visited and transportation will be by boat or car from Donner Lake Lodge starting at 1 p.m.

PEIRO BROTHERS AT NEVADA LODGE ARE PLEASING CROWDS

A refreshing new interpretation on the ancient art of juggling is offered by the delightful Peiro Brothers, featured performers in the Vive Les Girls revue now on stage in the Topaz Room of the Nevada Lodge.

The two brothers add the traumatic experience of committing a half dozen "mistakes" during their act. Every mistake seems to drag them deeper and deeper toward disaster and disgrace—bricks start

Several local college students are spending the summer working in the area: Terry Marquette, Humboldt State, Donner Lake Wilshire; Dan Recenmacher, Nevada U., Donner Lake Chevron; Sam Medford, Sierra College, Clements Rock-Products; Daven Morey, Sierra, Clements; Janice Roth, U. C. at Davis, Bank of America; Karen Smart, Chico State, and her brother, Reg Smart, also Chico State, Smarts Restaurant and the Wagon Train; Charlie White and Bill Notley, Chico State, Sierra Pacific Power Co., Lynn Giovannoni, Sierra, Z Market.

to tumble to the floor, golf balls bounce erratically—and yet a split second before all is finally lost they save themselves and their exciting juggling act spectacularly. As comedians, the Peiro Brothers are able to hold their own and then some with the best of them.

Conceived and produced in Paris by Frederic Aparcar, Vive Les Girls features a large cast of European entertainers in an adults only breathtaking sequence of dance, songs and musical production numbers. The stage settings are startling. The costumes are unusual to say the least. All in all, here is a show that has captured the imaginations of visitors to the North End of Lake Tahoe for the last two months.

The cast of Vive Les Girls features performers from France, Germany, England, and Italy. Stunning Jacqueline Douquet, statuesque Kim Darvos, and handsome Jean Philippe are just three of the show's headliners.

Comprised of twelve acts, the show features exotic tableaux and production numbers that vie with the solo acts for first place in the revue raves. The Tropical Paradise number featuring the full company is enough to send any red-blooded American to sea to search for that

fabled Tahitian isle.

The graceful dance featuring the very masculine Bernard Chareyron and the beautiful Jacqueline is considered by many a showstopper. Nothing like this has been seen anywhere this side of the most exciting nightspots of Paris.

Steel output in California is concentrated in tinplate, pipe and plate.

California is virtually the only section of the United States where grapes of the European varieties are grown.

Celebrating the Fourth of July with a family picnic at Sand Harbor were Beverly Newell and children, Kenneth and Allan, of Kings Beach, and daughter and son-in-law, Barbara and Ron Donley of Reno, her sister and brother-in-law, Barbara and Ray Bergman and children, Beverly, and son and daughter-in-law, Chuck and Kathy Bergman and children, John and Guy of Reno.

Jetta Steward enplaned into Reno from San Francisco and thence into Kings Beach for one night. She had just returned from her trip to the Orient via U.S.S. President Lines where she is employed. Hostess, Audrey Welch, entertained Jetta at a cocktail party—a combination welcome home and bon voyage—as she left the next day for another trip. Guests were Bob and Tally Daneri, Pearl Drulias, Bern May, Lucille Hiatt, May Smith, Art Adams, Bill Adams, Ed and Jacquie Black, Mary Lou Welch, Gene and Pearl Sigg, Bea Ridgeway, Mex and Mae Springer, Bethel Van Tassel and the hostess.

Rosemary and Wally Harrell and baby daughter, Terra, of Napa spent the Fourth of July holiday with her parents, the Charles Hanks of Kings Beach.

Hanks recently purchased the former Madison Electric property on Coon and Fox Streets and moved his business to the new location.

John Koda of Tahoe Vista fell while horseback riding and broke his arm. Lonnie Ross also of Tahoe Vista fell from a roof at work and tore a ligament in his arm and shoulder. Speedy recovery, however we know these injuries take time to heal.

The Placer County Chamber of Commerce has appointed their directors—one of whom is Florence Brown of Tahoe City to represent the North Lake Tahoe area. Florence will serve for a one year term. Also appointed by the board of supervisors for a two year term is Don Beck of Tahoe Vista to represent District 5, and for director at large for a two year term is Wendall Russell of Tahoe City. Advisors from District 5 who were appointed were Herb Obexer and Dan Hauserman, Ralph Rausch and Jack Domergue.

Plan Vets' Picnic

CRYSTAL BAY—The first busi-
ness meeting of incoming officers
of the Veterans of Foreign Wars
Auxiliary of Post No. 7077 was
held July 1 during which the an-
nual children's picnic was dis-
cussed.

The first picnic was held five
years ago for crippled children and
polio victims from the Reno area.

Since that time, it has included
children from the Sunny Acres
Home in Carson City and this year
will include underprivileged chil-
dren of veterans. The party will be
held at Burnt Cedar Beach in
Incline Village on August 16 and
all members of the VFW organi-
zations are invited to attend.

The meeting last Wednesday
concluded with refreshments.

Low Bid Received

A low bid of \$146,041.52 was
received last Wednesday by the
California Division of Highways
for resurfacing bridges at 17 loca-
tions on Interstate 80 between Cis-
co and Florin in Placer and
Nevada counties.

Mattos Concrete Co. of Fremont
was lowest of five bidders, accord-
ing to officials at the Marysville
district office.

It is expected that work will
get underway in about a month or
six weeks and will take about two
months to complete.

The surfacing material will be a
mixture of modified epoxy resin
and sand. Recent tests show that
this type surfacing is highly re-
sistant to the spalling or chipping
of concrete decks, caused by salt
used to melt ice, and the freeze-
thaw temperature change of the
upper mountain areas.

Planned recreation will be available for those desiring All facilities for groups up to eight or ten will be furnished and maid service provided, Tunney explained. All units, he said, would be winterized, for both summer and winter vacations.

Efforts are being made currently to acquaint the public with the facilities and services to be offered.
